

Woking Data Center

Stellanor’s Woking data center is located just off the M3 corridor, in proximity to London and Heathrow Airport, and is well placed to serve the south of England. The facility adheres to the highest levels of security and standards, delivering to a minimum of N+1 on cooling and power, ensuring redundancy, reliability, and efficiency, along with a highly connected carrier neutral connectivity ecosystem. This facility offers cost-effective racks and cages, powered entirely by 100% renewable energy from solar, wind, and hydro sources.
